

Critical Incident Policy for St. Anthony's Special School September 2024

Introduction:

In St. Anthony's School we aim to protect the wellbeing of our pupils and staff by providing a safe, secure and well-ordered environment as outlined in our school mission statement.

St Anthony's school has established a Critical Incidents Management Team to steer the development and implementation of the plan.

Critical Incident definition

The staff and management of St Anthony's Special school recognise a critical incident to be "an incident or sequence of events that overwhelms the normal coping mechanism of the school". Critical incidents may involve one or more students or staff members, or members of our local community.

Examples:

- The death of a member of the school community through accident, violence, suicide or suspected suicide or other unexpected death
- An intrusion into the school
- An accident involving members of the school community
- A major accident/tragedy in the wider community
- Serious damage to the school building through fire, flood, vandalism, etc

Aim

The aim of the CIMP is to help school management and staff to react quickly and effectively in the event of an incident, to enable us to maintain a sense of control and to ensure that appropriate support is offered to students and staff. Having a good plan should also help ensure that the impact on students and staff will be limited. It should enable us to effect a return to normality as soon as possible.

Creation of a coping supportive and caring ethos in the school

We have put systems in place to help to build resilience in both staff and students, thus preparing them to cope with a range of life events. These include measures to address both the physical and psychological safety of the school community.

Physical safety

The management and staff of St Anthony's Special School work hard to make sure the students and staff are in a physically safe environment, risk assessing and putting in place pre-emptive measures such as.

- Evacuation plan in case of a fire formulated
- Regular fire drills occur
- Fire exits and extinguishers are regularly checked
- Intrusion evacuation plan
- Supervision in the school yard (Teachers within each bubble rotate duty)
- Yard gates locked during school hours
- Classes in need of an extra safety measure have high door handles.
- Rules of the playground
- Staff supervision rota during lunches
- Monitor and risk assess environment for vulnerable students

Psychological safety

The management and staff of St Anthony's Special School aim to use available programmes and resources to address the personal and social development of students, to enhance a

sense of safety and security in the school and to provide opportunities for reflection and discussion.

Examples:

- Staff are familiar with the Child Protection Procedures and the name of the Designated Liaison Person
- Staff have access to training for their role in SPHE
- Social, Personal and Health Education (SPHE) is integrated into the work of the school. Issues such as grief and loss; communication skills; stress and anger management; resilience; conflict management; problem solving; help-seeking; bullying; decision making and prevention of alcohol and drug misuse are addressed in the SPHE curriculum, the Junior Cycle Personal care programme and School Leavers programme. Promotion of mental health is an integral part of this provision.
- Books and resources on difficulties affecting the primary/post primary school student are available
- The school has a clear anti-bullying policy and deals with incidents of bullying in accordance with this policy
- Staff are informed about how to access support for themselves
- Information is provided on mental health in general and such specific areas as signs and symptoms of depression and anxiety

Critical Incident Management Team (CIMT)

A CIMT has been established in line with best practice. The members of the team were selected on a voluntary basis and will retain their roles for at least one school year. The members of the team will meet annually to review and update the policy and plan. Each member of the team has a dedicated critical incident folder. This contains a copy of the policy and plan and materials particular to their role, to be used in the event of an incident.

Record keeping

In the event of an incident each member of the team will keep records of phone calls made and received, letters, emails and texts sent and received, meetings held, persons met, interventions used, material used etc.

The administrator will have a key role in receiving and logging telephone calls, sending letters, photocopying materials etc.

Confidentiality and good name considerations

The management and staff of St Anthony's Special school have a responsibility to protect the privacy and good name of the people involved in any incident and will be sensitive to the consequences of any public statements. The members of the school staff will bear this in mind, and will seek to ensure that students do so also. For instance, the term 'suicide' will not be used unless there is confirmed information that death was due to suicide, and that the family involved consents to its use. The phrases 'tragic death' or 'sudden death' may be used instead.

Similarly, the word 'murder' should not be used until it is legally established that a murder was committed. The term 'violent death' may be used instead.

Critical incident rooms

In the event of a critical incident,

The staffroom or the hall- will be the main room used to meet the staff

The classroom or the hall- for meetings with students

The Hall or the Meeting rm in new wing - for parents

The Hall or outside school - for media

The classroom or the Meeting room in new wing - for individual sessions with students

The Meeting Rm in new wing - for other visitors

Consultation and communication regarding the plan

All staff were consulted and their views canvassed in the preparation of this policy and plan. Our school's final policy and plan in relation to responding to critical incidents has been presented to all staff. Each member of the critical incident team has a personal copy of the plan.

All new and temporary staff will be informed of the details of the plan by

The plan will be updated annually in September.

Code Agreed if Intruder enters or tries to enter the school

Code Red to be called out on school intercom alerting all staff calmly of a serious situation in the school and alerting staff to return immediately or to stay in their classroom with door closed until further notice

This plan was reviewed, updated and approved by The St Anthony's special school board of management
