Staff Celebratory Policy

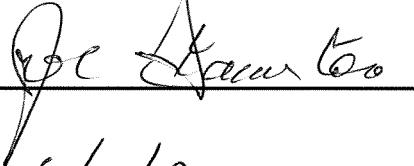

We in St.Anthony's school value the contributions and hard work our loyal staff offer to the students and to our school. Therefore we feel it is important to celebrate special occasions in our staff's lives.

The occasions we have chosen to celebrate are, 50th birthdays, Marriages & retirement with consent of the staff involved.

We have decided that 10 euros from each staff member in the school to cover each event whether it be a gift/voucher or party (To be decided pending the recipients wishes).

If it is a person's wish not to have a celebration or gift & it is brought to our attention, then this would be respected by the school staff.
